

The surface of the wholesale market is 18 000 m². The surface of the hall is 2100 m² within which there are 27 separated spaces for wholesale of fruit and vegetables. The hall is equipped with all utilities and telecommunication outlets. Agricultural producers have 35 parking spaces at their disposal for trade on the location of the “Green market”; 10 of which have been equipped with connections to power supply. The wholesale market has a 50-ton weighbridge, devices for reloading and internal transport of goods, catering facilities, sewage system and offices. From 2004 the wholesale market has a customs office where you can declare your goods

Information on some of the companies using the services of the regional wholesale market every day, except Sunday.
